### SYMBOLS

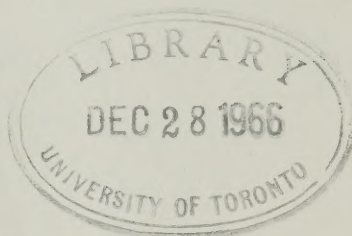

The following standard symbols are used in Dominion Bureau of Statistics publications:

- .. figures not available.
- ... figures not appropriate or not applicable.
- nil or zero.
- amount too small to be expressed.
- p preliminary figures.
- \* revised figures.
- x yes.

### SIGNES CONVENTIONNELS

Les signes conventionnels suivants sont employés uniformément dans les publications du Bureau fédéral de la statistique.

- .. nombres indisponibles.
- ... n'ayant pas lieu de figurer.
- néant ou zéro.
- nombres infimes.
- p nombres provisoires.
- \* nombres rectifiés.
- x oui.

## PREFACE

Information was collected on 889 public libraries and systems for the calendar year 1964. Information on regional and provincial libraries and on public libraries in centres of over 10,000 was obtained by direct survey while provincial public library agencies supplied summary data on libraries in smaller centres.

The total bookstock of all public libraries was 18,981,077 volumes or almost one book per capita of the total population, compared with 0.88 per capita in 1963. The total circulation of books amounted to 76,177,759 or 4.0 per capita, compared with 3.7 per capita in 1963. Current operating payments were \$27,012,250 or \$1.40 per capita, compared with \$1.28 in 1963. Capital and debenture payments amounted to \$2,729,398. The total full-time staff of the libraries was 3,204 of whom 779, or 24.3 per cent, were professional librarians.

Table 41 contains summary data on libraries in universities, colleges, technical institutes and schools, for the academic year 1963-64. Data on special government, business, and technical libraries, can be found in Table 42.

The survey was conducted in the Adult Education Section of the Education Division. Questions, comments and suggestions should be addressed to the Director of the Division or to the Chief of the Section.

WALTER E. DUFFETT,  
*Dominion Statistician.*

## PRÉFACE

Des données ont été recueillies sur 889 bibliothèques publiques pour l'année civile 1964. Les données relatives aux bibliothèques régionales et provinciales et aux bibliothèques publiques des localités de plus de 10,000 habitants furent obtenues par un relevé direct tandis que les organismes provinciaux qui s'occupent des bibliothèques publiques ont fourni les données sommaires sur les bibliothèques des centres de moins de 10,000 habitants.

Le stock de livres de l'ensemble des bibliothèques publiques est de 18,981,077 volumes, soit l'équivalent de presque un par habitant, au regard de 0.88 par habitant en 1963. Les prêts se chiffrent par 76,177,759 volumes ou 4 par habitant, comparative-ment à 3.7 en 1963. Les dépenses courantes d'exploitation atteignent \$27,012,250 ou \$1.40 par personne contre \$1.28 en 1963. Les versements au titre du capital et des obligations se chiffrent par \$2,729,398. Le personnel global à plein temps compte 3,204 personnes dont 779 ou 24.3 p. 100 sont des bibliothécaires professionnels.

Au tableau 41 figure la statistique sommaire des bibliothèques des universités, des collèges, des instituts techniques et des écoles pour l'année scolaire 1963-64. Le tableau 42 présente des données sur les bibliothèques spéciales gouvernementales, commerciales et techniques.

La Section de l'éducation des adultes de la Division de l'éducation a dirigé l'enquête. On voudra bien adresser toute communication au directeur de la Division ou au chef de la Section.

WALTER E. DUFFETT,  
*Statisticien du Dominion.*

## DEFINITIONS USED IN THIS SURVEY

**Books:** "The stock of books ..... should be counted in terms of the number of volumes, whether bound or not, which have been made available for the reader's use ....." UNESCO/ST/Q/62, 2. (rev.).

**Branch Library:** A building separate from the main library, housing a permanent collection of books, with a regular schedule and permanent staff.

**Centre:** Population centre; includes organized municipalities, unorganized municipalities, townships (in Ontario) and semi-autonomous municipalities which are autonomous for library purposes.

**Circulation:** Recorded number of charged issues for in-library and out-of-library use.

**Interlibrary loans:** Items lent between independent libraries. Does not include items borrowed or lent among branches of the same library system.

**Library:** An organized collection of published and other materials with a staff trained to provide and interpret such materials as required to meet the informational, educational and/or recreational needs of a clientele; also its physical facilities. American Library Association.

**Mobile unit stops:** A place where the mobile unit stops to give direct service to the public on a regular schedule.

**Mobile Units:** Includes bookmobiles, bookvans, book trailers, book trucks, etc.

**Pamphlet:** "A non-periodical publication containing from 5 to 48 pages, not counting the covers". UNESCO, 1954.

**Periodicals:** "Publications constituting one issue in a continuous series under the same title, published at regular intervals, but more than once per year, each issue being dated and also frequently numbered. Newspapers are therefore included in this category. On the other hand, annual publications are not considered as periodicals". UNESCO/ST/Q/62, 2, (rev.). Each subscription of a current title counts as one item.

**Professional Librarian:** A librarian with a university degree and at least one year of additional professional library training, e.g. B.A., B.L.S.

**Public Library System:** A library for the use of the public, supported chiefly by taxation, and generally governed by a public library board. Public libraries are classified according to the area or clientele served:

**Association:** Serving private members, or supported by private funds or managed by a private board.

**Co-operative:** A system for the purchase and exchange of books among member public libraries and member groups, financed by membership fees, local and provincial government; exists only in Ontario.

**County:** Serving the population of a county.

**Municipal:** Serving the population of one municipality.

**Parish:** Directed, and generally supported by a church for the use of its members; recognized as a public library for grant purposes in Quebec.

**Provincial:** Serving the population of the province, to whom other forms of public library service are not available.

**Regional:** Serving the population of two or more municipalities, or counties.

## DÉFINITIONS UTILISÉES DANS LE RELEVÉ

**Bibliobus:** remorques, camions, camionnettes, etc.

**Bibliothécaire professionnel:** Ayant un grade universitaire et comptant au moins une année d'études bibliothéconomiques, e.g. B. en B.

**Bibliothèque:** collection organisée de publications et autres ouvrages sous les soins d'un personnel ayant la formation voulue pour fournir et interpréter ces oeuvres suivant les besoins d'une clientèle en matière de renseignements, de culture et de divertissements; désigne également les aménagements matériels. (D'après *l'American Library Association*).

**Bibliothèque publique:** Une bibliothèque à l'usage du public, financée principalement par les taxes et généralement dirigée par une commission de bibliothèque publique. Les bibliothèques publiques sont classées suivant la région ou la clientèle desservie:

**Comté:** Desservant la population d'un comté.

**Coopératives:** Groupement coopératif pour l'achat et l'échange de livres entre les bibliothèques publiques et les groupes membres, financé par les cotisations des membres et par les subventions locales et provinciales; exclusif à l'Ontario.

**D'association:** Desservant ses propres membres, ou financée par des fonds particuliers ou dirigée par une commission privée.

**Municipale:** Desservant la population d'une municipalité.

**Paroissale:** Une bibliothèque dirigée et généralement soutenue par la paroisse à l'attention des membres.

**Provinciale:** Desservant la population de la province qui ne peut avoir accès à aucun autre service de bibliothèque publique.

**Régionale:** Desservant la population de deux municipalités ou plus ou de deux comtés ou plus.

**Brochure:** "Publication non périodique de 5 à 49 pages, sans les pages de couverture". (UNESCO), 1954.

**Centre:** Le centre de population comprend les municipalités organisées ou non, les townships (en Ontario) et les municipalités semi-autonomes qui sont autonomes au point de vue de bibliothèques.

**Livres:** "Le fonds de livres ..... imprimés doit être compté par volumes. On ne comprend dans ce fonds que les volumes, reliés ou non, mis à la disposition des lecteurs .....". UNESCO/ST/Q/62, 2. (rev.).

**Périodiques:** "On n'entend par périodiques que les publications qui paraissent en série continue sous un même titre, à intervalles réguliers ou non, mais plus d'une fois par an, chaque exemplaire étant daté et généralement numéroté. Les journaux entrent donc dans cette catégorie. Par contre, les publications annuelles ne sont pas considérées comme des périodiques". UNESCO/ST/Q/62, 2. (rev.). Chaque abonnement pour l'année en cour est considéré comme un volume.

**Points d'arrêt du bibliobus:** Un endroit où le bibliobus arrête selon un horaire préétabli pour donner directement le service de lecture au public.

**Prêts:** Nombre de volumes utilisés en dehors de la bibliothèque et enregistrés soit au nom d'individus, soit au nom de bibliothèques.

**Prêts entre bibliothèques:** Prêts entre bibliothèques autonomes. Exclut emprunts et prêts entre succursales d'une même bibliothèque.

**Succursale de bibliothèque:** Bâtiment distinct de la bibliothèque centrale, abritant une collection permanente de livres, ouvert durant des heures régulières et doté d'un personnel permanent.

## INTRODUCTION

Data on libraries were included in biennial surveys of education issued by the Dominion Bureau of Statistics from 1921 to 1929. Beginning in 1931, library surveys were issued as separate publications, as Part III of the Biennial Survey of Education. The *Survey of Libraries, 1954-56*, the last in this series, included information on all types of libraries.

Annual surveys which followed covered the larger public library systems in detail, with summary information on smaller libraries supplied by provincial public library agencies. An annual companion volume, *Survey of Libraries, Part II: Academic Libraries, 1963-64*, Catalogue No. 81-206, was issued in September 1966.

De 1921 à 1929, la statistique des bibliothèques a paru dans les rapports d'enquête que le Bureau fédéral de la statistique a publiés tous les deux ans. À compter de 1931, cette statistique a paru dans des publications distinctes et constituait la Partie III du Relevé biennal de l'enseignement. Le *Relevé des bibliothèques, 1954-1956*, dernier rapport de la série, renseignait sur tous les genres de bibliothèques.

Les relevés annuels qui ont suivi traitaient en détail, des plus importantes bibliothèques publiques, des données sommaires sur les bibliothèques moins importantes étant fournies par les agences de bibliothèques publiques provinciales. Une publication annuelle jumelle, *Relevé des bibliothèques, Partie II, bibliothèques scolaires, 1963-64*, numéro de catalogue 81-206, a paru en septembre 1966.

SECTION I

NATIONAL SERVICES TO PUBLIC LIBRARIES

SERVICES NATIONAUX RENDUS AUX BIBLIOTHÈQUES PUBLIQUES

## Federal Government

The federal government provides a variety of supplementary services to public libraries, subject to constitutional provisions and practices which assign the chief responsibility for public libraries to provincial jurisdiction.

The National Library maintains the National Union Catalogue of the holdings of all major libraries in Canada, including 16 larger public libraries. This catalogue is used by all types of libraries to locate interlibrary loan material. Material in the reference collection of the National Library is also available to libraries on interlibrary loan. In 1964, the installation of Telex improved the speed with which reference transactions could be handled. "Canadiana" is a monthly publication which describes in bibliographic detail new publications published in Canada, written by Canadians, or relating to Canada in some way. It is widely used by public libraries as a book selection and cataloguing aid.

Other departments and agencies of the federal government which assist public libraries are the Department of Labour, which provides grants for the construction of buildings, alterations, additions and renovations, under the Winter Works Program; the Department of Public Printing and Stationery which supplies government publications free of charge to full depository and selective depository libraries; the National Film Board, which supplies films on loan for library use and rental; The National Gallery, which circulates art exhibits; the Canada Council which gives awards to professional librarians for study and research; the Post Office Department, which has special postal rates for library material, and the Dominion Bureau of Statistics which supplies statistical services.

## National Organizations

The Canadian Library Association, with headquarters in Ottawa, is a voluntary organization of library personnel, publishers, and others concerned with library development. Public library activities are the concern of the Adult Services Section, the Canadian Association of Children's Librarians, the Canadian Library Trustees Association and the Provincial Libraries Committee as well as other groups. Through publications, conferences and informal consultation, members are kept informed of new developments and strive to raise the standards of service in public libraries. In addition, the Canadian Library Association provides such services as the Canadian Index to periodicals and films, convenes an annual conference, and publishes two periodicals and numerous other publications.

## Gouvernement fédéral

Le gouvernement fédéral du Canada assure divers services supplémentaires aux bibliothèques publiques, compte tenu de la constitution et de l'usage qui confèrent aux provinces l'autorité principale sur les bibliothèques publiques.

La Bibliothèque nationale voit à inscrire, dans le Catalogue collectif national, les stocks de toutes les bibliothèques importantes du Canada, y compris les seize grandes bibliothèques publiques. Ce répertoire sert aux bibliothèques de tous genres de bibliothèques pour localiser les ouvrages prêtés de bibliothèque à bibliothèque. Les ouvrages de la collection de référence de la Bibliothèque nationale sont également à la disposition des bibliothèques à titre de prêts. En 1964, l'installation d'un appareil Telex a permis d'accélérer le travail de référence. *Canadiana* est une publication mensuelle qui donne des détails bibliographiques sur les nouveaux ouvrages publiés au Canada, écrits par des Canadiens ou, de quelque façon, relatifs au Canada. Les bibliothèques publiques y ont souvent recours pour trouver et cataloguer les livres.

D'autres ministères et organismes du gouvernement fédéral prêtent leur concours aux bibliothèques publiques, dont le ministère du Travail qui accorde des subventions pour la construction d'immeubles ainsi que pour des transformations, des agrandissements et des remises à neuf, sous le régime du programme des travaux d'hiver; le Département des impressions et de la papeterie publiques qui fournit gratuitement des publications aux bibliothèques qui offrent un choix complet ou partiel d'ouvrages publiés par le gouvernement fédéral; l'Office national du film, qui prête des films pour l'usage des bibliothèques ou pour fins de location par celles-ci; la Galerie nationale, qui prête des peintures pour fins d'exposition; le Conseil des Arts du Canada, qui accorde des bourses d'études et de recherche aux bibliothécaires professionnels; le ministère des Postes, qui autorise des tarifs spéciaux pour les ouvrages destinés aux bibliothèques; et le Bureau fédéral de la statistique, qui fournit des services statistiques.

## Organismes nationaux

L'Association canadienne des bibliothèques a son siège à Ottawa et est un organisme composé de membres bénévoles: employés des bibliothèques, éditeurs et autres personnes intéressées au progrès des bibliothèques. Les initiatives en matière de bibliothèques publiques incombent à la Section des services pour adultes, à l'Association canadienne des bibliothèques pour enfants, à l'Association canadienne des administrateurs des bibliothèques, à la Commission des bibliothèques provinciales ainsi qu'à d'autres groupes. Au moyen de publications, de conférences et de consultations non officielles, les membres se renseignent sur les nouvelles réalisations et s'efforcent de relever le niveau des services rendus par les bibliothèques publiques. De plus, l'Association canadienne des bibliothèques offre d'autres services tels que le répertoire des périodiques et des films intitulé *Index de périodiques canadiens*. Elle tient un congrès annuel et publie deux périodiques et un grand nombre d'autres ouvrages.

The *Association Canadienne des Bibliothécaires de Langue Française*, based in Montreal, is particularly concerned with public library service to Canadians who read chiefly in the French language.

### Library Education

Canada has five professional library schools where candidates may obtain Bachelor of Library Science and Master of Library Science Degrees. Graduates of approved universities and colleges are accepted by the schools for the one-year Bachelor of Library Science course, except McGill, which, beginning in 1965-66 offered only a two-year course leading to a Master's degree. These courses prepare graduates for work in all types of libraries. English is the language of instruction at McGill University, Toronto and the University of British Columbia. At the University of Montreal most lectures are given in French. The University of Ottawa is bilingual. Ottawa and Toronto schools also offer courses leading to a Master of Library Science degree.

L'Association canadienne des bibliothécaires de langue française dont le siège est à Montréal a comme intérêt principal les services que les bibliothèques publiques peuvent rendre aux Canadiens qui lisent surtout des livres en langue française.

### La formation professionnelle

Le Canada compte cinq écoles de bibliothéconomie professionnelle et où les aspirants peuvent obtenir un baccalauréat et une maîtrise. Ces écoles admettent les diplômés des universités et des collèges reconnus au cours d'un an conduisant au baccalauréat en bibliothéconomie, sauf l'Université McGill qui, à compter de 1965-66, n'offrait qu'un cours de deux ans conduisant à une maîtrise. Ces cours préparent les futurs diplômés à tous les genres de travaux dans les bibliothèques. L'anglais est la langue d'enseignement à l'Université McGill, à l'Université de Toronto et à l'Université de la Colombie-Britannique. À l'Université de Montréal, la plupart des cours sont donnés en français. L'Université d'Ottawa est bilingue et ainsi que l'Université de Toronto offre des cours conduisant à une maîtrise en bibliothéconomie.

SECTION II  
SUMMARY AND ANALYSIS  

---

SOMMAIRE ET ANALYSE

### General Comments

Public libraries in Canada are organized under provincial legislation, which specifies the method of establishment, the services to be provided and the means of support. Municipalities may organize and maintain public libraries or join together to form regional libraries, according to provincial legislation.

Provincial public library agencies advise local and regional libraries, and distribute grants as provided. Municipalities provided most of the support for public libraries in Canada in 1964, and therefore determined, to a large extent, the quality of public library service.

In 1964, public libraries in Canada stocked 14.3 per cent more books than in 1963, increased book circulation by 8.2 per cent, and spent 11.2 per cent more in current operating payments than in the preceding year. The increase in the number of full-time professional librarians was 6.4 per cent, and the increase in the total population from 1963 to 1964 was 1.9 per cent.

### Remarques générales

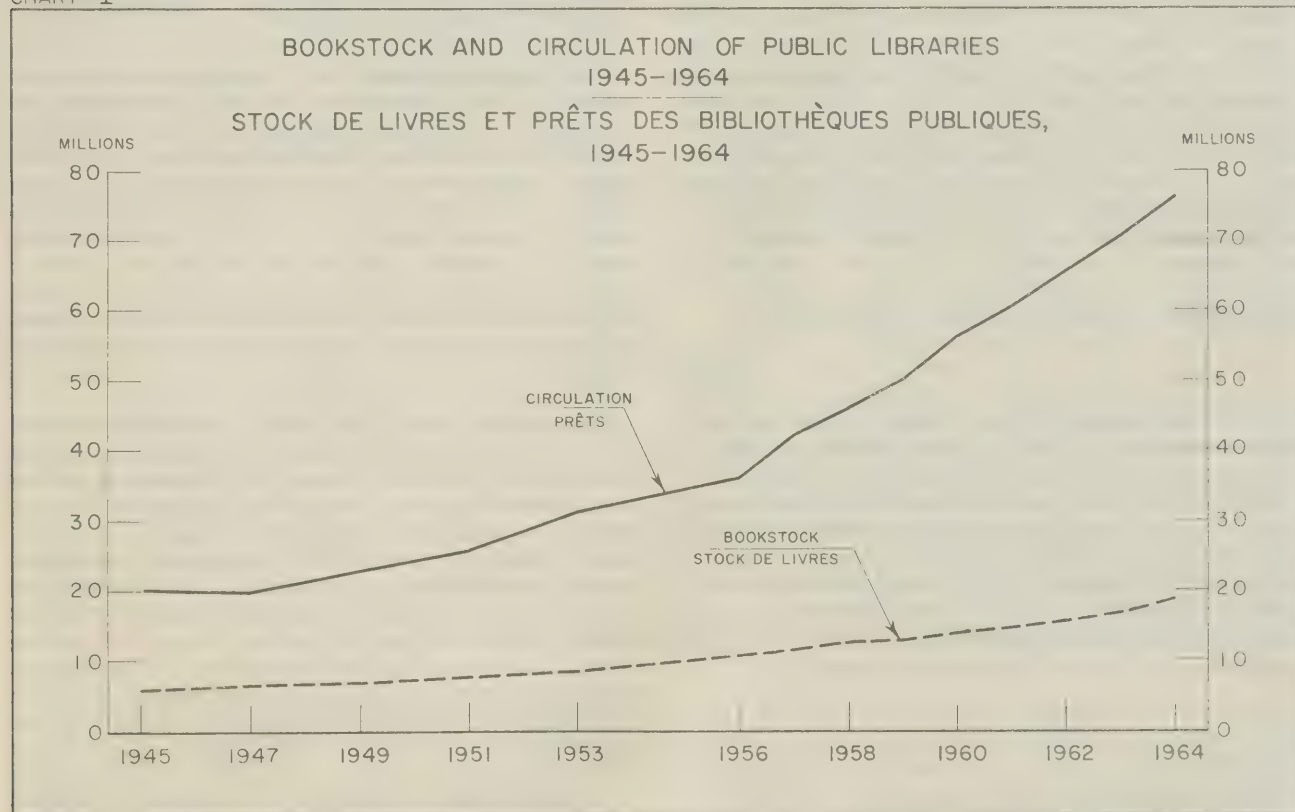

Au Canada, les bibliothèques publiques sont organisées en vertu de lois provinciales qui précisent les modalités d'installation, les services à fournir et les moyens d'existence. D'après les lois provinciales, les municipalités peuvent organiser et soutenir des bibliothèques publiques ou s'unir en vue de former des bibliothèques régionales.

Les organismes provinciaux qui s'occupent des bibliothèques publiques renseignent les bibliothèques locales et régionales et leur distribuent les subventions autorisées. Les municipalités ont assumé la grosse part du soutien des bibliothèques publiques au Canada en 1964 et ont ainsi déterminé, dans une large mesure, la qualité du service que représente une bibliothèque publique.

En 1964, les bibliothèques publiques du Canada contenaient 14.3 p. 100 de volumes de plus qu'en 1963, en ont prêté 8.2 p. 100 de plus et ont versé 11.2 p. 100 de plus en dépenses courantes de gestion. Le nombre de bibliothécaires professionnels à plein temps s'est accru de 6.4 p. 100 pendant que la population totale augmentait de 1.9 p. 100 entre 1963 et 1964.

GRAPHIQUE - I

## Significant Developments

In Newfoundland plans were laid for a new headquarters building for the Newfoundland Public Library Services as a Centennial project. One new branch library was built in St. Lawrence, and nine other agencies made alterations and improvements in existing structures. The grant structure was revised in the light of accepted standards to encourage the development of local sources of income and to provide a basis for the development of good library service.

The Fathers of Confederation Memorial Centre in Charlottetown was opened in 1964 and provided accommodation for the Prince Edward Island Libraries headquarters, as well as the Charlottetown branch library. It is expected that library development will be stimulated by association with the museum, art gallery and theatre in the same institution.

Under the supervision of the Nova Scotia Provincial Library, the new Dartmouth Regional Library began full operation. The Pictou Regional Library moved into new headquarters in New Glasgow and extended its services to Antigonish. The Cape Breton Regional Library opened a new branch in Louisbourg and plans were laid for several new library buildings as Centennial projects.

In New Brunswick, libraries were established at Sackville and Saint Joseph as branches of the Alberta-Westmoreland-Kent Regional Library. Several new branch libraries were under consideration, some as Centennial projects. The union catalogue maintained by the Central Library Services listed the holdings of eleven libraries in the province, totalling 267,304 titles, and was used extensively for interlibrary loan purposes, bibliographic information and book selection.

The provincial Public Library Commission agency in Quebec in 1964 assisted in the establishment of two new regional libraries, the Outaouais, in the Ottawa valley and the West Island Regional Library in suburban Montreal. The Public Library Services agency maintained records of the development of public libraries in the province and assisted them in thorough consultation. Studies were conducted on centralized purchasing, library grant structure, and library finance in general.

New library buildings, branches, or renovated quarters were in use in 1964 in Chomedey, Kenogami, Montreal, St. Laurent, Trois-Rivières and Verdun, and in many other centres buildings were being planned. Among the special activities

## Faits saillants

À Terre-Neuve, on a dressé le projet d'un nouvel immeuble central pour les *Newfoundland Public Library Services* en guise de projet du centenaire. Une bibliothèque succursale a été construite à St-Lawrence et neuf agences ont apporté des modifications et des améliorations à leur établissement. Le régime des subventions a été remanié conformément aux normes admises afin de favoriser de meilleurs sources de revenus et d'établir les bases propres à la mise au point d'un bon service de bibliothèque.

Le Centre commémoratif des pères de la Confédération à Charlottetown a été inauguré en 1964 et a été aménagé pour y loger le siège du service des bibliothèques de l'Île-du-Prince-Édouard ainsi que la bibliothèque succursale de Charlottetown. Il est vraisemblable que la présence de la bibliothèque sous le même toit que le musée, la galerie d'art et le théâtre en favorisera les progrès.

Sous la direction du Service provincial des bibliothèques de la Nouvelle-Écosse, la nouvelle bibliothèque régionale de Dartmouth a ouvert ses portes. La bibliothèque régionale de Pictou a emménagé dans de nouveaux locaux à New Glasgow et a étendu ses services à Antigonish. La bibliothèque régionale du Cap-Breton a ouvert une nouvelle succursale à Louisbourg et a mis à l'étude la construction de plusieurs nouvelles bibliothèques en guise de projet du centenaire.

Au Nouveau-Brunswick, la bibliothèque régionale d'Albert-Westmoreland-Kent a établi des succursales à Sackville et à Saint-Joseph. Plusieurs nouvelles succursales étaient en construction, dont un certain nombre comme projets du centenaire. Le catalogue collectif tenu par *Central Library Services* renfermait la nomenclature des stocks de onze bibliothèques de la province, soit un total de 267,304 titres et servait largement d'instrument pour les prêts de bibliothèque à bibliothèque, de source de renseignements bibliographiques et de répertoire pour le choix des livres.

En 1964, la Commission des bibliothèques publiques du Québec a contribué à l'établissement de deux nouvelles bibliothèques régionales, celle de l'Outaouais, dans la vallée de l'Outaouais et le Service régional des bibliothèques de West-Island, dans la banlieue de Montréal. Le Service des bibliothèques publiques a enregistré l'évolution des bibliothèques publiques de la province et leur a procuré de l'aide en tous points sous forme de consultations. On a entrepris des études sur la centralisation des achats, sur le régime des subventions aux bibliothèques et sur les finances des bibliothèques en général.

De nouveaux immeubles, de nouvelles succursales ou des locaux remis à neuf ont été occupés en 1964 à Chomedey, Kénogami, Montréal, St-Laurent, Trois-Rivières et Verdun tandis qu'en un grand nombre d'autres localités, on projetait de nouvelles

reported were a marionette theatre, a discothèque, a film society, a local history research project, and modern languages laboratory.

Regional organization proceeded rapidly in Ontario in 1964 when six new regional library co-operatives were established—Algonquin, Lake Erie, Lake Ontario, Midwestern, Niagara and Southwestern. They were designed to co-ordinate existing libraries in several counties, and to develop service for areas without libraries. New library buildings, additions or renovations were completed in 1964 in Barrie, Belleville, Etobicoke, Grimsby, Kenora, London, Long Branch, Stratford, Toronto, and York Township and many more were planned, some to be aided by Centennial funds. In addition, libraries reported the development of special services and facilities, such as book-mobiles, auditoria, museums and art galleries, extensive music collections, film services, a municipal affairs collection for the use of elected officials and public employees, installation of Telex, and a variety of educational and cultural programs organized for children and adults.

In Manitoba, nine municipalities voted to establish library service, as part of three new regional libraries. Lakeland Regional Library added a branch at Glenboro, and plans were laid for another branch at Pilot Mound. Winnipeg and the Henderson Regional libraries also opened branches. The Assiniboine River Regional Library, with two branches, contracted for full library service with the St. James Public Library.

The Saskatchewan Provincial Library sponsored a demonstration bookmobile which visited 25 communities in the West Central area of the province during the year to stimulate local interest in the development of regional library service in the area. The North Central Saskatchewan Regional Library continued to expand its services, adding six more community branches to the system. New library buildings were opened in Weyburn and Cabri, and in thirteen other towns new quarters were under construction or being planned. Saskatoon opened a portable branch in 1964.

In Alberta, the establishment of a library school at the University of Alberta was approved. Medicine Hat opened its new main library building in 1964, and Edmonton, Lethbridge and Red Deer were planning new headquarters buildings. In addition, new branch libraries were opened in Edmonton and Calgary, and other branches were being planned.

constructions. Parmi les initiatives d'intérêt spécial, on a signalé un théâtre de marionnettes, une discothèque, un ciné-club, un projet de recherches en histoire locale et un laboratoire de langues modernes.

L'organisation régionale s'est poursuivie rapidement en Ontario en 1964 avec l'établissement de six nouvelles coopératives régionales formées de bibliothèques locales Algonquin, Lake Erie, Lake Ontario, Midwestern, Niagara et Southwestern. Elles ont été conçues en vue de coordonner l'activité des bibliothèques existant dans plusieurs comtés et d'étendre le service aux régions privées de bibliothèques. De nouveaux immeubles, des agrandissements et des remises à neuf ont été achevés au cours de 1964 à Barrie, Belleville, Etobicoke, Grimsby, Kenora, London, Long Branch, Stratford, Toronto et dans le canton de York et les projets d'un grand nombre d'autres améliorations ont été dressés, dont un certain nombre grâce aux fonds du centenaire. De plus, les bibliothèques ont signalé l'établissement de services spéciaux et d'aménagements tels que les bibliobus, les auditoriums, les musées et galeries d'art, les grandes collections d'oeuvres musicales, les services cinématographiques, une collection traitant d'affaires municipales à l'usage des hommes publics élus et des fonctionnaires, l'installation de systèmes Telex et une variété de programmes éducatifs et culturels organisés pour enfants et adultes.

Au Manitoba, neuf municipalités ont voté en faveur de l'établissement d'un service de bibliothèque, adhérant ainsi à trois nouvelles bibliothèques régionales. La Bibliothèque régionale de Lakeland a ajouté une succursale à Glenboro et a dressé le projet d'une autre succursale à Pilot Mound. Les bibliothèques régionales de Winnipeg et de Henderson ont également ouvert de nouvelles succursales. La Bibliothèque régionale de l'Assiniboine ayant deux succursales, a conclu une entente avec la bibliothèque publique St-James aux fins d'un service complet de bibliothèque.

La Bibliothèque provinciale de la Saskatchewan a patronné un bibliobus-échantillon qui a visité 25 localités dans la partie ouest du centre de la province au cours de l'année en vue d'éveiller l'intérêt de la population locale à la réalisation d'un service de bibliothèque régionale. La Bibliothèque régionale de la partie nord du centre de la Saskatchewan a poursuivi l'extension de ses services en ajoutant six succursales de secteur à son système. De nouveaux locaux ont ouvert leurs portes à Weyburn et à Cabri et dans treize autres villes de nouvelles constructions étaient en chantier ou étaient projetées. Saskatoon a ouvert une succursale portative en 1964.

En Alberta, les autorités ont approuvé l'établissement d'une école de bibliothéconomie à l'Université de l'Alberta. Medicine Hat a inauguré sa nouvelle bibliothèque centrale au cours de 1964 tandis qu'Edmonton, Lethbridge et Red Deer projetaient la construction de nouveaux centres pour leurs bibliothèques. De plus, Edmonton et Calgary ont ouvert de nouvelles succursales et en divers endroits on a envisagé l'établissement d'autres succursales.

The Public Library Commission in British Columbia purchased a bookmobile to expand its direct service to rural areas. Fraser and Okanagan regional libraries each added two new branches, and West Vancouver built an extension to the main library and added a mobile branch. A report on public library service in the Victoria area was expected to be the basis for long term library development.

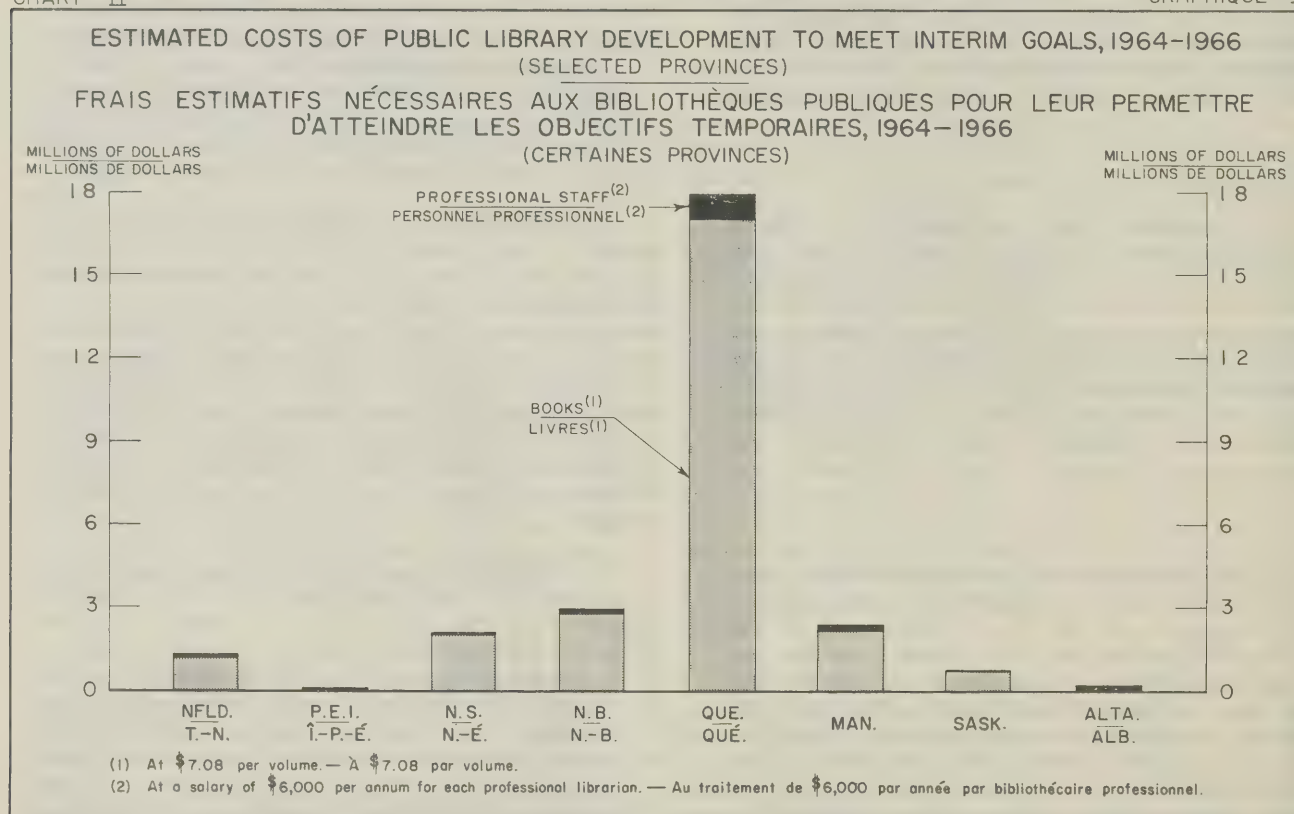

The Yukon Regional Library, established in 1961, served 207,000 square miles, the largest area of any library system in Canada. Library service reached the scattered population of 12,000 through 23 community branches and 18 schools, and isolated trappers, prospectors and miners were also supplied with library materials.

La Commission des bibliothèques publiques de la Colombie-Britannique a fait l'acquisition d'un bibliobus en vue d'étendre son service directement aux régions rurales. Les bibliothèques régionales Fraser et Okanagan ont ajouté chacune deux nouvelles succursales à leur système et celle de West Vancouver a agrandi ses locaux et fait l'acquisition d'une succursale mobile. On s'attendait qu'un rapport sur le service des bibliothèques publiques de la région de Victoria serve de base à l'expansion à long terme des bibliothèques.

La bibliothèque régionale du Yukon, établie en 1961, a desservi 207,000 milles carrés, soit la plus vaste région au Canada. Le service de bibliothèque a atteint la population dispersée de 12,000 habitants par l'entremise de 23 succursales de secteur et 18 écoles et a fourni de la lecture aux trappeurs isolés, aux prospecteurs et aux mineurs.

### Statistics and Library Development

In the absence of consistent, up-to-date statistical standards for public libraries in Canada, statistical averages may be used to set interim goals. The cost of raising the bookstock, staff and expenditures of libraries in those provinces which are below average to these interim goals may then be estimated. Canadian public libraries stocked, in 1964, on the average almost one book per capita, but some provinces and many libraries fell below this average. In order to provide a

### Statistiques et évolution

Vu l'absence de normes statistiques uniformes et à jour en matière de bibliothèques publiques au Canada, des moyennes peuvent servir d'objectifs temporaires. Les frais exigés par l'augmentation des stocks de livres, du personnel et des dépenses des bibliothèques des provinces qui n'atteignent pas ces objectifs temporaires peuvent alors être estimés. En 1964, les bibliothèques publiques du Canada ont maintenu un stock de près d'un livre par habitant, mais certaines provinces et un grand nombre de

minimum of one book per capita in every province, the following number of volumes would have to be added to existing book stocks:

bibliothèques sont demeurées en deçà de cette moyenne. Pour arriver au minimum d'un livre par habitant dans chaque province, les bibliothèques devront ajouter à leurs stocks actuels le nombre suivant de volumes:

**TABLE 2. Bookstock of Public Libraries, 1964**  
**TABLEAU 2. Livres des bibliothèques publiques, 1964**

| Province                                | Number of books<br>—<br>Nombre de livres |   |                               |
|---|--|---|-------------------------------|

| New Brunswick — Nouveau-Brunswick ..... | 225,166                                  | 617,000   | 391,834                       |
| Québec .....                            | 3,160,043                                | 5,562,000   | 2,401,957                     |
| Manitoba .....                          | 656,300                                  | 958,000   | 301,700                       |
| Saskatchewan .....                      | 848,840                                  | 943,000   | 94,160                        |
| <b>Total .....</b>                      | <b>5,698,408</b>                         | <b>9,333,000</b>  | <b>3,634,592</b>              |

In provinces where the provincial average is higher than the national average, there are still many areas which fall below the provincial average, and libraries in these areas may need extra help to bring their book stock to provincial averages.

Les provinces où la moyenne est supérieure à la moyenne nationale renferment encore un grand nombre de régions qui n'atteignent pas la moyenne provinciale et les bibliothèques qui desservent ces régions pourraient bien avoir besoin d'une plus grande assistance pour hausser leurs stocks de livres au niveau des normes provinciales.

The number of professional librarians staffing public libraries was approximately one for every 25,000 in the population. But in some provinces the number of professional librarians was below this average, and the numbers needed to bring them to the national average follow:

Le nombre de bibliothécaires professionnels à l'emploi des bibliothèques publiques s'est fixé à environ un pour 25,000 habitants. Cependant, dans certaines provinces, il n'a pas atteint cette moyenne et l'accroissement exigé par la moyenne nationale s'établit de la façon suivante:

**TABLE 3. Professional Librarians in Public Libraries, 1964**  
**TABLEAU 3. Personnel professionnel des bibliothèques publiques, 1964**

| <b>Total .....</b>                                 | <b>191</b>   | <b>452</b>  | <b>261</b>                    |

In those provinces where the number of professional librarians in relation to the population is above the national average, certain areas can be found which are below the provincial average.

Chart II estimates the cost of increasing the bookstocks and number of professional staff in certain provinces to the national average in one year. Book costs are estimated on the basis of \$7.08 per volume, the average cost of titles listed in "150 Books of the Last 3 Years, 1963-1965" published by the Canadian Library Association. Professional salary costs are based on \$6,000, the median salary paid to 1966 library school graduates with B.L.S. degrees.

Other costs include capital funds for buildings, mobile units and equipment, and current operating funds for non-professional staff salaries, supplies, and miscellaneous items. Training facilities for professional librarians would need to be expanded and increased to provide the staff needed, since public libraries must compete with other types of libraries for graduates, the number of which averaged 276 per year from 1962 to 1966.

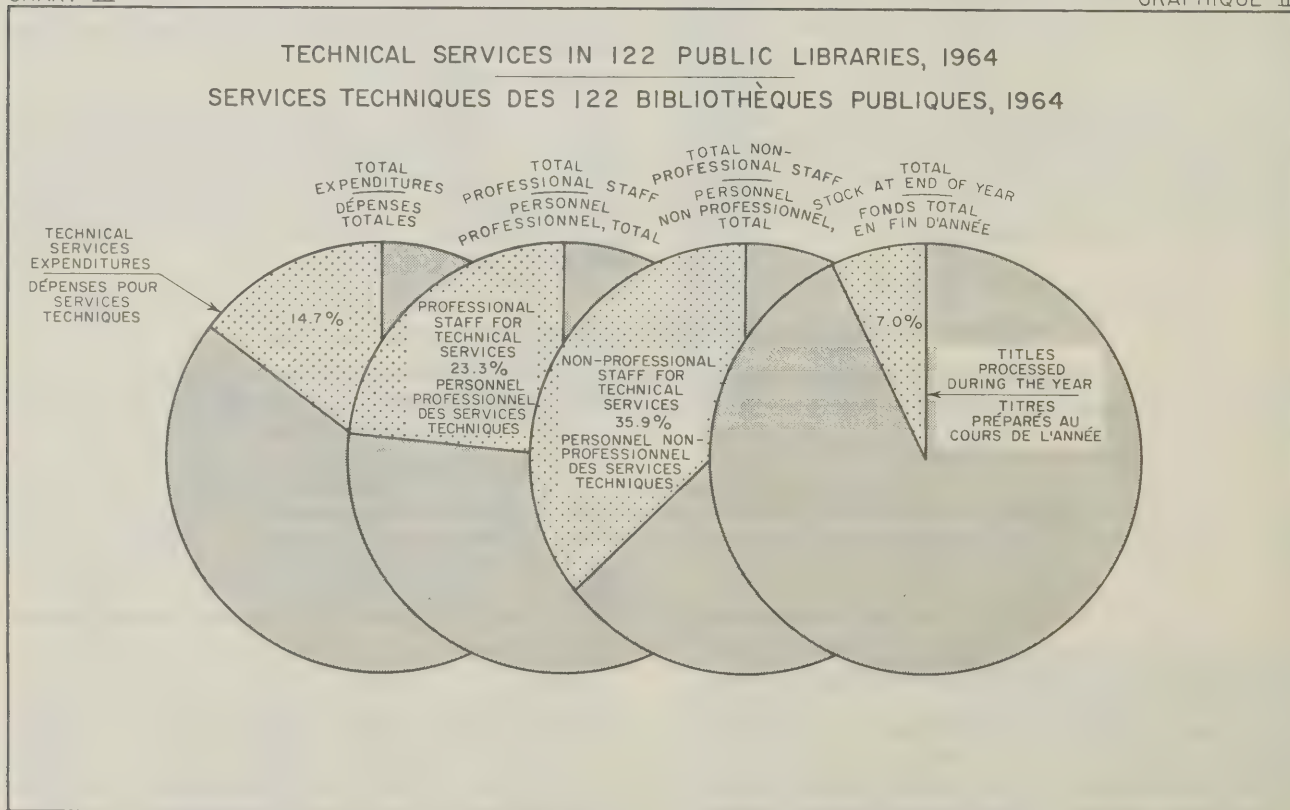

Dans les provinces où le nombre de bibliothécaires professionnels par rapport à la population est supérieur à la moyenne nationale, il existe certaines régions qui n'atteignent pas la moyenne provinciale.

Le graphique II présente une estimation des frais exigés par le relèvement des stocks de livres et du nombre des employés professionnels au niveau des moyennes nationales au cours d'un an. Les frais à encourir en matière de livres sont fondés sur une valeur de \$7.08 par volume, coût moyen des titres inscrits dans *150 Books of the Last 3 Years, 1963-1965*, publié par l'Association canadienne des bibliothèques. Les traitements des employés professionnels sont calculés d'après une base de \$6,000, traitement médian versé aux diplômés de 1966 des écoles de bibliothéconomie possédant le baccalauréat en bibliothéconomie.

Les autres frais comprennent le fonds d'immobilisation pour immeubles, bibliobus et installations, les fonds de gestion pour les traitements des employés non professionnels, pour les fournitures et pour articles divers. Les moyens de formation des bibliothécaires professionnels devront être élargis et augmentés pour obtenir le personnel voulu, vu que les bibliothèques publiques doivent concourir avec les autres genres de bibliothèques pour attirer les diplômés. De 1962 à 1966, le nombre de ceux-ci a été de 276 par année en moyenne.

CHART-III

GRAPHIQUE-III

## Technical Services

A special question on technical services sought to collect information useful in measuring work loads and costs of processing. The data indicated that, in the 122 public libraries which completed this question, 23.3 per cent of the professional staff were engaged in technical services, and 35.9 per cent of the non-professional staff. All told, nearly one third of the total staff were in technical services.

The number of new titles catalogued and other titles recatalogued averaged 5,785 per professional librarian, or 1,073 per staff member.

The cost of technical processing averaged \$3.50 per title.

In a similar study of technical services in university libraries, the number of titles processed averaged 1,810 per professional librarian or 549 per staff member. Costs were proportionately higher, in the university libraries, at \$5.98 per title processed. More extensive use of centralized cataloguing and processing probably account for higher productivity and lower costs in public libraries.

## Finance

Total public library current operating payments increased by 11.2 per cent over 1963. Payments for capital purposes and debentures of provincial, regional and urban libraries dropped by 6.6 per cent. Current operating payments in 1964 amounted to \$1.40 per capita, compared with \$1.28 in 1963, and capital and debenture payments were \$0.14 in 1964, compared with \$0.15 in 1963.

Provincial expenditures on public libraries increased by 14.0 per cent in 1964, over 1963 and represented 0.4 per cent of gross general expenditure on education, a slight increase over 1963.

## Staff

In 1964, the full-time professional staff of public libraries increased by 6.4 per cent over 1963. Libraries in centres of 10,000 population and over employed 86.6 per cent of the total number of full-time professional librarians, although they served only about half of the total population. The libraries in larger centres averaged one full-time professional librarian for every 15,705 in the Census 1961 population in centres of 10,000 and over. The libraries in smaller centres, regional and provincial libraries averaged one full-time professional librarian for each 69,621 persons living outside centres of 10,000 population and over. The distribution of professional

## Services techniques

Une question spéciale sur les services techniques visait à obtenir des données pouvant servir à évaluer la somme de travail et les frais du traitement de ces données. Les renseignements ainsi recueillis ont indiqué que dans les 122 bibliothèques publiques qui avaient répondu à la question, 23.3 p. 100 du personnel professionnel et 35.9 p. 100 des employés non professionnels s'occupaient de services techniques. En tout, près d'un tiers de tout le personnel travaillait dans les services techniques.

Le nombre de nouveaux titres catalogués ainsi que des titres recatalogués s'est établi, en moyenne, à 5,785 par bibliothécaire professionnel, ou à 1,073 par employé.

Les frais du traitement technique se sont élevés, en moyenne, à \$3.50 du titre.

Une étude identique sur les services techniques des bibliothèques des universités a révélé que le nombre de titres traités a été, en moyenne, de 1,810 par bibliothécaire professionnel ou de 549 par employé. Les frais de traitement ont atteint une moyenne proportionnellement plus élevée, soit \$5.98 par titre. C'est probablement grâce à une plus grande utilisation du catalogage et du traitement centralisés que les bibliothèques publiques ont pu réaliser une productivité supérieure et accuser des frais moins élevés.

## Finances

La totalité des dépenses courantes de gestion des bibliothèques publiques s'est accrue de 11.2 p. 100 sur 1963. Les dépenses des bibliothèques provinciales, régionales et urbaines au compte capital et au titre des obligations ont fléchi de 6.6 p. 100. Les dépenses courantes de gestion ont atteint \$1.40 par habitant en 1964, au regard de \$1.28 en 1963 et les déboursés du compte capital et d'immobilisations, 14 cents, comparativement à 15 cents en 1963.

Les dépenses provinciales au titre des bibliothèques publiques ont augmenté de 14 p. 100 de 1963 à 1964 et ont représenté 0.4 p. 100 des dépenses générales brutes destinées à l'éducation, soit un peu plus qu'en 1963.

## Personnel

En 1964, le personnel à plein temps des bibliothèques publiques s'est accru de 6.4 p. 100 sur 1963. Les bibliothèques des localités de 10,000 habitants et plus avaient à leur emploi 86.6 p. 100 de la totalité des bibliothécaires professionnels à plein temps, bien qu'elles n'aient desservi qu'environ la moitié de la population entière. Les bibliothèques des grands centres comptaient, en moyenne, un bibliothécaire professionnel à plein temps pour 15,705 personnes dans les localités de 10,000 habitants et plus, d'après le recensement de 1961. Les bibliothèques régionales et provinciales et celles des petits centres avaient, en moyenne, un bibliothécaire professionnel à plein temps pour 69,621 personnes

librarians, therefore, results in less adequate service to the non-urban population. Regional and provincial library systems must provide compensations to attract professional staff in competition with more urbanized areas.

Median salaries of professional librarians in all public libraries averaged \$6,317 per year compared with \$6,121 in 1963. The median starting salaries offered to professional librarians with no experience averaged \$5,061 compared with \$5,247, the median salary paid to library school graduates in 1964. In all the libraries reporting there were 126 professional librarians who received less than \$5,000 and 30 of these were paid less than \$4,500.

### Academic Libraries

Table 41 contains information on libraries in university and college, post-secondary institutions and centralized school libraries for the academic year 1963-64. The university libraries spent an average of \$89.43 per full-time student and equivalent on libraries. Technical institutes and teachers' colleges spend \$19.25 per full-time student for library service. The school libraries averaged expenditures of \$2.63 per pupil for library books and other materials.

### Special Libraries

Table 42 contains data on government, professional, business and technical libraries in Canada, compiled from the second edition of "Directory of Special Libraries and Information Centers", by Antony T. Kruzas (Detroit: Gale Research Company, 1963).

demeurant en dehors des localités de 10,000 habitants et plus. Par conséquent, cette répartition des bibliothécaires professionnels se traduit par un service moins offert à la population non urbaine. Les bibliothèques régionales et provinciales devront offrir des compensations aux professionnels si elles veulent attirer ceux-ci à leur emploi malgré la concurrence des centres plus urbanisés.

Le traitement médian des bibliothécaires professionnels de l'ensemble des bibliothèques publiques s'est établi à \$6,317 par année contre \$6,121 en 1963. Le traitement initial médian offert aux bibliothécaires professionnels sans expérience a été de \$5,061 comparativement aux \$5,247 versés aux diplômés des écoles de bibliothéconomie en 1964. Dans l'ensemble des bibliothèques déclarantes, 126 bibliothécaires professionnels ont reçu moins de \$5,000 et, sur ce nombre, 30 ont eu un traitement inférieur à \$4,500.

### Bibliothèques scolaires

Le tableau 41 renferme des renseignements sur les bibliothèques des universités et collèges et des institutions post-secondaires ainsi que sur les bibliothèques scolaires centralisées pour l'année scolaire 1963-64. Les bibliothèques des universités ont affecté à leur service de bibliothèque une moyenne de \$89.43 par étudiant à plein temps et équivalent. Les instituts techniques et les écoles normales ont dépensé aux mêmes fins \$19.25 par étudiant à plein temps. Les bibliothèques scolaires ont versé une moyenne de \$2.63 par élève pour l'acquisition de livres et autres ouvrages.

### Bibliothèques spéciales

Le tableau 42 présente des données sur les bibliothèques gouvernementales, professionnelles, commerciales et techniques du Canada, d'après le *Directory of Special Libraries and Information Centers*, par Antony T. Kruzas (Detroit: Gale Research Company, 1963).
